

PRIVATE ISLAND IN BELIZE FOR 10

This is your private getaway, your own, full service island in Belize for you and 9 of your friends or family for a 5 night stay!

5 NIGHTS

10 GUESTS

Belize is an incredible destination as it is out of the hurricane zone, and is home to over 120 islands off its coast. Nearby is the famous Blue Hole, the top scuba destination in the world, an amazing phenomena that has to be seen! But most of your time will be on this 7 acre island equipped with 3 villas and 5 master suites. The island has a common area for your group to hang out, or you can go the other side of your private island and spend the day bathing and swimming in the ocean.

Your private chef will be making you special treats throughout the day, and your butlers will be bringing drinks to you all day! Ask your boat captain to take you out on a cruise. You can add massages or deep sea fishing to your travel plans, or go onto the mainland to explore, ziplining, and more!
