2 GUESTS

2 NIGHTS

For the 2027/28 season only, non-refundable and non-transferable. Each package is for a single game night. Home games across the 2027/28 season are available; the NBA is expected to release the season schedule in late August 2027, after which game choices are issued to voucher holders simultaneously and allocated by time-stamped response. Games against the 76ers, Lakers, Knicks, and Warriors are not available. Extra VIP seats may be available for some games; where courtside is not available, seating may be in alternative VIP locations (Rows 1–5). Extra nights, additional New York City experiences (such as Broadway, fine dining, and helicopter tours), and multi-city upgrades are available at redemption. Flights are not included. Game requests must be submitted at least 60 days in advance of the selected game date.

NBA COURTSIDE NIGHT IN NEW YORK

Two nights in New York City for two, built around one unforgettable NBA game night: two Platinum Plus courtside floor seats for a Brooklyn Nets home game at the Barclays Center, set even closer to the court than VIP Row 1. Courtside seats like these typically retail in the thousands of dollars per person, and the whole evening is wrapped in luxury hospitality from the moment you leave your hotel. A private transfer takes you from your hotel to the arena on game night via Uber codes, and VIP fast-track entry means no queues at the door. Your courtside floor seats sit in elite VIP sideline Sections 23, 24, or 25, with at-seat drinks service and all-inclusive hospitality of gourmet food and premium beverages, including alcohol. Tunnel Club access lets you watch the home team line up outside the dressing room, and you'll even get access to the Nets' practice court to shoot your shot.

Beyond the game, your two-night stay is at a stylish hotel within two miles of the arena, leaving time to take in the city — including a Hudson River cruise with views of the Statue of Liberty and Ellis Island. A personal travel concierge is on hand throughout for upgrades, add-ons, and more.
